

In the current Office Action, the Examiner issued a restriction requirement and requested Applicant to elect one of the following groups for further prosecution: Group I, containing claims 1 and 10 – 18; Group II, containing claims 2-9; and Group III, containing claims 19 - 20. Applicant hereby elects Group I (claims 1 and 10-18) for further prosecution. Further, Applicant hereby requests examination of Groups I and III together as is appropriate as per page 3 of the Office Action where the Examiner explicitly states “[i]nventions I and III are not patentably distinct and would be grouped together for examination purposes.”
